

## **Merignac Air BnB to Mercure Airport Hotel – 3 km**

**Simple route.**

**1. Return to main drag which is Av Henri Vigneau and turn L onto it. Proceed about 500 metres to major intersection.**

**2. We want to turn R but we don't do so immediately. (BTW, there's a Burger King on the nearside and a KFC and Pizza n Pasta on far side.) We need to get onto bike path on far side. So straight thru intersection, ease R, go a few metres and go across crosswalk to rightside and by KFC etc and then onto bikepath that runs adjacent to Av John Fitzgerald Kennedy. We go straight for 2.5 km**

**3. Along the way, we go on the overpass over A630. Just 200-300 metres beyond that, the leftside bikepath ends and we must cross to far right side and continue going straight from there. At the first roundabout after we've crossed to right side, we go straight. At the second roundabout, we go R – we can see the Mercure from before the roundabout. The area might be familiar from our first stay – lots of hotels, a restaurant or two we might know.**

**End of trip for cycling.**
